Thank you to our individual, corporate and foundation supporters for helping to get HomeSharing through this difficult time with your generous donations. **This is the first year in more than a decade that HomeSharing will not hold its annual gala, an evening that allows us all to come together, celebrate the successes of HomeSharing, and most importantly, raise funds for this much needed service.** Events comprise one-third of our agency’s budget, which is now a significant challenge for us due to COVID-19. We hope that our donors will continue to care for HomeSharing, despite us not being together in person.

This year, “Caring for HomeSharing” is celebrating our community- our supporters, staff, volunteers, board and Home Providers and Seekers, who have made it possible for HomeSharing to continue to create affordable housing solutions in Central New Jersey. At this time, the needs of our community are increasing, due to high unemployment rates, older adults needing companionship and help in the home while social distancing, and young families needing help with children at home due to remote learning and the need to keep working. HomeSharing’s matching process has been adapted to take into account the health and safety needs of our clients posed by COVID-19.

We ask you to join us in honoring our community by becoming a sponsor of “Caring for HomeSharing” or advertising in our event journal. Your participation will enable us to keep our doors “open” and continue to provide a much-needed service in our community- an affordable housing alternative for those in need.

A sponsorship form is enclosed for your review which outlines all of the different levels of support. Various sponsorship levels are available that include virtual and traditional advertising opportunities, prizes for your “guests” and more.

If you have any questions, please contact Lisa Blum, Executive Director, at (908) 526-4663.
